GOES IT IN 1:57½

BREAKS THE WORLD'S TROT-
TING RECORD.

LOU DILLON DOES IT

This Wonderful Horse Astonishes
the Sporting World To-Day by a
Miraculous Burst of Speed.

Dillon late this afternoon broke the
world's trotting record, making the
mile in 1:57½.

ANOTHER STRIKE.

Sausage Makers Attempt to Tie Up
the Packing Centers.

Chicago, Oct. 24.—Fifteen hun-
dred sausage makers of the Union
Stock Yards struck today. As yet
no violence has attended the strike.
The packing companies haven't tried
today to operate their sausage de-
partments. It is the intention of the
union to tie up industry in the main
packing centers of the country.

THE CHASE TRIAL.

The Court Goes into Executive Ses-
sion, and the Public is
Excluded.

Denver, Colo., Oct. 24.—Within a
few minutes after the convening of
the court today the court room was
ordered cleared out and the court
went into executive session. It took
up for consideration the demand of
the counsel for General Chase, charged
with perjury, disobedience and
insubordination that Adjutant Gen-
eral Sherman Bell who is the author
of the charges submit certain orders
on file in his office in evidence in
this case. It is claimed that these
orders will entirely clear General
Chase of the charges filed against
him. On request of counsel it was
decided that the public was not en-
titled to know the contents of these
orders. During the executive ses-
sion messengers passed to and fro
from the court room carrying books
and papers but it is not known whether
the much sought for orders are
among the papers.

MARSHALS RETURN HOME.

They Say They Have Resigned Posi-
tions as Deputy Marshals.

Philadelphia, Pa., Oct. 24.—Deputy
United States Marshals Davis and
Baker, from whose custody Albert
Bell the mail pouch robber and
check forger escaped left the city to-
day for their home in Denver. Per-
mission to return home had been
refused them by the United States
District Attorney until he had made
a thorough investigation of Bell's es-
cape. Before leaving the city Davis
and Baker said they had resigned
their positions as deputy marshals.

DYNAMITE EXPLODES.

Houses Were Wrecked and People
Stunned More Than a
Mile Away.

New York, Oct. 24.—Three freight
cars on the New York, New Haven
& Hartford railroad broke away from

the train this morning near Chester
and collided later with the other
part of the train on a down grade.
One of the cars was loaded with dy-
namite and the force of the collision
caused it to explode. The engineer
of the train was thrown a long dis-
tance but strange to say was only
slightly stunned. Nearly every house
in Chester suffered damage. A wo-
man thrown from a bed is believed
to be the only person seriously in-
jured by the explosion, although
houses half a mile from the explo-
sion were wrecked and people a mile
away were thrown to the ground.
The three detached cars and the rear
car of the main portion of the train
were burned.

GOING TO CHICAGO.

Miss Roosevelt Going to Attend the
Horse Show.

Washington, D. C., Oct. 24.—Miss
Alice Roosevelt leaves today for Chi-
cago, where she will be the guest of
Mrs. Preston Gibson, daughter of
Mrs. Thomas Nelson Page. Miss
Roosevelt has timed her visit to Chi-
cago so that she can visit the horse
show, and word comes from the west-
ern metropolis that many festivities
are being planned in her honor. She
will return to Washington in time
to serve as bridesmaid at the wed-
ding of her friend Miss McCauley to
Mr. Tuckerman next month.

SHOT WITHOUT WARNING.

A Deep Mystery Surrounds the Iden-
tity of the Assassin.

Port Jervis, N. Y., Oct. 24.—Rich-
ard Bevins, a farmer living near
Dingman's Ferry, Pa., and his wife
were shot last night as they were sit-
ting at the window of their home.
Both are believed to be fatally wound-
ed. There is no clue to the assas-
sin or to his motive for shooting.
The neighbors in great indignation
are scouring the country for the
murderer.

MEETING OF OHIO TEACHERS.

Pedagogues of the Buckeye State in
Semi-Annual Session.

Hamilton, Ohio, Oct. 24.—The
Southwestern Ohio Teachers' Asso-
ciation met in semi-annual session
in this city today with S. T. Dal
of Lockland presiding. Following the
opening exercises the association lis-
tened to the reading of some interest-
ing papers by prominent educators.

The Mexican Dollar Must Go.

Manila, P. I., Oct. 24.—The Board
of Philippine Commissioners have
today issued a proclamation announc-
ing the complete demonetization of
the Mexican dollar on and after the
first of next January. Until that date
the coin will be accepted at all gov-
ernment offices at the usual rate
which is equivalent to fifty cents in
American money.

OPPOSED TO SOCIALISM.

A Big Convention of German Work-
men Who Oppose Red Flag.

Franfort, Oct. 24.—Delegates from
twenty-five workmen societies, rep-
resenting an aggregate membership
of five hundred thousand men, are
here for the congress which begins
tomorrow and which has for its
avowed object the consolidation of
the interests of workmen who
are not socialists. The Kaiser's gov-
ernment has somewhat over reach-
ed itself in striving for the success
of the congress, as its activity in the
matter has served to increase the
suspicions of the masses against
workmen's unions supported by the
state.

WILL BUILD

PRESIDENT RIPLEY OF THE SAN-
TA FE SO STATES.

THE CUT OFF

Just as Soon as the Little Flurry on
Wall Street is Over the Railroad
Will Be Built from Belen to Tex-
ico.—This Will Be the Main Line
West.

Topeka, Kan., Oct. 24.—President
Ripley today announces that just as
soon as the present little financial
flurry is ended on Wall street that
the Santa Fe will proceed to build
two hundred and fifty miles of track
changing the main line of the Santa
Fe to the Pacific coast. The new road
will start from Belen thirty miles
south of Albuquerque and will be
built to Texico, Texas, where the
connection will be made with the
system that is operated south from
Kansas. When this connecting link
is completed the road from La Junta
to Albuquerque will be abandoned
for overland purposes.

A CONFERENCE IN JAPAN.

Weighty Matters of State Were the
Subject of Discussion.

Yokohama, Oct. 24.—The elder
statesmen of Japan and the cabinet
minister held a long conference to-
day that lasted seven hours. It is
understood on good authority that
compromise proposals were the
chief topic of discussion. The Mar-
quis remained with Premier Katsura
and the former minister Komura af-
ter all the others had dispersed.

COPPER MARKET STRONG.

Stocks not Under the Amalgamated

Boston, Mass., Oct. 24.—The trad-
ing in the copper market today
was particularly good, and these
shares not under the control of the
strong. The close was at 35 as
against 35 1-8 yesterday for the
Amalgamated.

DOWIE ON THE MOVE.

But He is not Telling Anyone Where
He is Moving.

Boston, Mass., Oct. 24.—John Alex-
ander Dowie, or "Elijah, the Restor-
er," and his wife and son arrived here
early this morning in his private car.
It has been reported that his inten-
tion is to sail for Australia, but no
information could be obtained to
confirm this report. Dowie's car is
locked, the curtains are down and all
attempts to gain admission have
been blocked by the attaches of the
car who said that Dowie refused to
see any one. In contradiction of the
Australia report the officials of the
railroad say that the train is sched-
uled to return to New York at ten
o'clock tonight.

Later:—Dowie has just declared
that he has only come to Boston with
Mrs. Dowie and their son to see
them safely on board a vessel in
which they are to sail for England
on their way to Australia. Dowie
denied with great positiveness that
he intended to abandon the New
York crusade.

NEW DIPLOMAT

THE ANNOUNCEMENT OF ENG-
LISH AMBASSADOR MADE.

HENRY M. DURAND

King Will Sign Commission Monday.
It is the First Time England Has
Sent an Ambassador Directly to
Washington.—A Compliment From
John Bull.

London, Oct. 24.—The Associated
Press is able to announce the ap-
pointment of Sir Mortimer Durand,
British Ambassador to Madrid, as
the next ambassador to the United
States to succeed the late Sir Mich-
ael Herbert. The King will sign his
commission Monday.

A significant and important fea-
ture in the selection of Durand for
ambassador to the United States is
the fact that this is the first time
in history that the British govern-
ment has sent an ambassador direct-
ly to Washington. Heretofore Wash-
ington has been looked upon as a
post ranking at the very foot of the
embassies and it has always been

the custom to promote the minister
embassy here so the action in this
case marks a growing sense of ap-
preciation of Washington as a di-
plomatic post.

WILCOX IS DEAD.

One of the Many Victims of the
White Plague.

Honolulu, Oct. 24.—Robert Wil-
cox, ex-congressional delegate from
Hawaii died here today of consump-
tion. Wilcox was the home rule candi-
date for sheriff, and in the midst of
an active campaign the over exertion
brought on hemorrhages. There is
great mourning among the natives
with whom he was very popular on
account of his having Hawaiian blood
in his veins.

THE DOWIE MEETINGS.

Zionists Take a Little Recreation on
a Steamboat Excursion.

New York, Oct. 24.—There were
few persons present at the early mor-
ning meetings of the host today in
Madison Square Garden. Overseer
Speaker in addressing the audience
said that Dr. Dowie would return
from Boston in time to conduct the
early meeting tomorrow. A number
of the Zionists went on a steamboat
excursion today.

ITALIAN POPULATION LESS.

Five Sons of Italy Killed by a Rapid
Moving Train.

Suffern, N. Y., Oct. 24.—An ex-
press train today on the Erie road
at Rampoe curve ran into a body of
men who were repairing the track.
Most of the laborers were Italians.
Five of these Italians were instantly
killed and a number of other labor-
ers injured.

A BIG CATTLE COMPANY.

It Has Just Been Formed, and Swift
is in It.

Santa Barbara, Calif., Oct. 24.—
The Santa Barbara Cattle Company,
with a capital of a hundred thousand
dollars has just been formed here.
Three hundred and fifty thousand
acres of land in Mexico adjoining Ar-
izona has been leased. This land
will be extensively stocked. The
company is a close corporation and
L. F. Swift, the millionaire packer
of Chicago, is a member.

HE BOUGHT A BRICK.

But it Was Worth Fifty Cents and
Not Five Thousand Dollars.

Topeka, Kan., Oct. 24.—Robert
Forbes, a wealthy citizen of Carbon-
dale, which is a little town near here
purchased three weeks ago a "gold
brick" for which he paid \$5,000. To-
day he found that the value of his
purchase of a composition metal
was just fifty cents. The fakir who
sold him the brick induced Forbes
to think that he was his long lost
nephew from New Mexico.

RECREANT CASHIER RETURNS

John K. Brown of New Holland, Ohio
Will Face Serious Charge.

San Francisco, Oct. 24.—John K.
Brown, the cashier of the Union Bank
of New Holland, Ohio, who disappear-
ed in August last leaving a shortage
in his accounts of \$103,000 is now
under arrest here.

According to his own account
Brown had a very hard time wander-
ing through Mexico to Honolulu and
back again to this country. He de-
sires now to go back to New Hol-
land and face the charges that are
standing against him. Brown is a
prominent man in Ohio, and up to
the time of his defalcation occupied
a high place in the social and busi-
ness affairs of New Holland.

NOW LOOK OUT

BRISTOW'S REPORT HANDED TO
PRESIDENT.

A LONG DOCUMENT

The Report is Filed This Afternoon
and it Contains More than a Mil-
lion Words.—Much Speculation as
to Roosevelt's Comments.—Scandal
Will Be Exposed.

Washington, D. C., Oct. 24.—At
1:30 this afternoon the Postmaster
General placed in the hands of Pres-
ident Roosevelt the report of Fourth
Assistant General Bristow on the
recent postoffice investigations.

General Bristow's report is very
long. It contains 110,000 words. This
would fill about eighty columns in
an ordinary newspaper, and in addi-
tion to this there are five hundred
exhibits all of which exhibits refer-
red to are made a part of the report,
and these contain about a million
words. No time has been fixed for
the publication of the report, but it
is the general belief here that it will
be given to the public just as soon
as practicable. President Roosevelt
will go over it very carefully, and
when he makes it public he will
doubtless supplement it with some
comments of his own.

BAD FOR MINERS.

Mules are Brought up from the Mines
and Sent Out to Pasture.

Butte, Mont., Oct. 24.—A bad om-
en in the industrial situation occur-
red here today when the mules used
to haul ore down in the mines were
brought up to the surface and ship-
ped out to pasture. This is never
done unless a long shut down is ex-
pected. A mass meeting of union
miners is being held this afternoon
to discuss the situation and to de-
termine what action will be taken.

BANK ROBBED.

Robbers Captured and Search Being
Made for Booty.

Topeka, Kan., Oct. 24.—A special
to the Journal of this place says that
after a bloody battle the bandits who
looted the bank at Burrton, Kansas,
have been captured. The capture
was made last night on an island in
the Arkansas river fifteen miles from
Burrton and the prisoners have been
lodged in the Newton jail. The
men give their names as James Bell,
aged 25, J. Geo. Olson, aged 28, E.
H. Johnson, aged 38, Thomas White,
aged 24, and Frank Harwood, aged
24. These men were identified by a
Burrton merchant. Johnson is se-
verely wounded in the head, breast,
arms and legs. The bandits when
searched had only \$18 in their pos-
session. Parties have started on the
trail they took in search of the mon-
ey which they are supposed to have
buried. The men claim they are
iron workers from Kansas City and
Joplin. It is believed that these are
the same men who have lately com-
mitted many robberies in this sec-
tion of the state.
